

NOT ANOTHER LEADERSHIP TRAINING

– With –
Dr. Anne Gaquere-Parker

“Let’s explore the leadership skills they don’t teach you in training because the most challenging leadership moments often come from subtle behaviors, not formal policies.”

YOU WILL LEARN HOW TO:

- ▶ Recognize how small, everyday actions shape team morale and workplace culture
- ▶ Identify early signs of unhealthy communication before issues escalate
- ▶ Spot common communication and reasoning traps that hinder collaboration
- ▶ Respond to challenging behaviors with professionalism and confidence

...And more!
